P&C Bits & Pieces

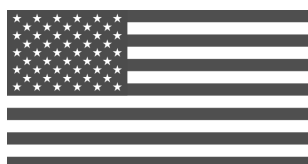

Our next P&C meeting will be on Thursday, 11th August 2016 beginning with an informative talk from AIME starting at **6:30pm**, followed by our regular meeting at 7:00pm. As well as the AIME talk by Aylin Basoglu, we'll also receive an update on the iPad trial with 7S and discuss other areas the P&C is involved with at the school. It should be a really interesting evening! Everyone is welcome to join us upstairs in the Common Room in A Block.

Canteen Corner

Looking for something different? Try our new mini trifles with layered jelly, custard and fruit. We also have new cereal cups (with or without milk) for a crunchy snack anytime of the day. Check out the blackboard outside the canteen for details on daily specials and new things to try.

G'Day USA Program

This is a reminder to bring back your return slips for the trip to America and hand it to your Group Leader, Mrs Butfield. An information night will be held for parents and students on Tuesday, 16th August 2016. Please see Mrs Butfield if you have any questions.

Whooping Cough Alert

We have been notified that there has been a confirmed case of whooping cough in the school. A sheet outlining the symptoms is attached. If your child develops these symptoms keep them at home and consult your doctor. If your child is not immunised please contact your doctor for advice.

Principal's Report

Over the past week, many students would have returned home talking about lessons on South Korea and particularly Yangpeong High School. Our school hosted Ms Kim this week as part of the development of our Sister School Program. Students in several classes have been excited by Ms Kim's presentations and the interesting information provided. They were particularly interested to discover that Korean students start their day early, with a finishing time of 9:00pm. They then attend extra classes or study until midnight. Ms Kim was interested in the way our students interact with teachers, asking questions and discussing issues. In South Korea it is usually the teacher speaking and the students listening.

I would like to thank Ms Kim for sharing information and ideas with the students and staff. It has been a wonderful educational experience for our students. We look forward to 2017 when hopefully staff and students from Yangpeong High School will visit our school again.

In answer to the many questions from students, Mrs Mehic and I are hoping to organise a staff and student visit to South Korea in early 2018, so start saving!
