## Principals Report

This week in New South Wales Public Schools it is **School Administrative and Support Staff Appreciation Week**. It is a timely reminder of the outstanding work that our staff here at Bomaderry High School do on a daily basis. Their contributions go to the very core of what makes Bomaderry High School such a wonderful place of learning for students. It is also why the teaching staff at Bomaderry High School are able to provide such an array of learning opportunities, both within the school as well as extra curricular activities. So, if you get an opportunity to do so, please join me in recognising the staff who so expertly fulfil the following roles within our school: Administrative Officers, the Aboriginal Education Officer, General Assistant, School Learning Support Officers and the School Administration Manager.

It was pleasing to receive an email recently from a member of the general public who had a positive interaction with our students and staff whilst our school was away on our annual excursion to the snow fields. This particular family shared accommodation with our school and expressed how well behaved all the students were as well as commenting on how professional our staff were. It is pleasing to hear that what we do here makes a difference and certainly provides me with another opportunity to be the proud Principal of Bomaderry High School that I am. Well done to everyone involved.

Have a great week everyone!  
Ian Morris
