## P&C Bits and Pieces

Our next P&C meeting is on Thursday, 10th November at 7pm, upstairs in the Common Room in A Block. Everyone is welcome to attend and be involved in what's going on at our school. It was great to see some new faces last month and we look forward to another productive and informative evening.

## Principal's Report

I would like to congratulate Ms Kim Henderson (our Behaviour Support Teacher) on receiving an exemplary award from the Professional Association for Learning Support. Ms Henderson provides outstanding support for many of our students and also the students at Shoalhaven High School. This award is well deserved and I am sure many students will be sure to congratulate her in the following week.

Bomaderry Public School's kindergarten students visited our school farm this week and had great delight in holding the baby chickens and feeding the calves. It is always a pleasure to see how excited the children are and it is a great way to be introduced to high school. We look forward to welcoming them in 6 years!

Thanks to Mr Hinde and Ms Mehic for organising this week's joint lessons with Yangpeong High School in South Korea. The students shared experiments with their Korean peers. I believe Yangpeong are attempting to organise a student trip to our school in 2017. I know our students look forward to meeting the Korean students in person.

Thanks for all the parent support with the Year 7 iPad program. It is wonderful to have met you at the various information evenings and I can assure you that the program is moving along successfully. We have begun meetings with the Year 6 partner primary students so that in 2017, all year 7 and 8 students will be on iPads. We greatly appreciate the way parents have embraced this program in purchasing devices and attending our meetings. This is a great example of parents engaging with staff to develop and improve student learning. Thank you!

Relieving Principal
